## LOCAL DEPARTMENT.

Plenty of rain.  
Wheat will be cut next week.  
New potatoes are plenty.  
Files are on the increase.  
The 4th of July will be celebrated by the Eaton Firemen.  
It is a boy—it weighs 10 pounds or more—JAS. A. GILMORE, Esq.  
The potato bug crop was almost a failure around here.  
Even the crop of base ball is short this year.  
It is too hot—last winter it was too cold.  
The demand for fans and mint juleps is now good.  
The public cistern when completed will hold fifteen hundred barrels.  
Mr. L. Ross has resigned the Superintendency of our County Infirmary.  
Last Saturday was a very fair day for business in Eaton.  
We have heard no complaints for the want of rain lately.  
We'll take our 4th of July on Saturday. Send it in.  
The boys' excuse now is, that "it's too warm to go to Sunday School."  
The work on the new cistern has been "industriously" attended to by those who have nothing to do.  
With a chain-gang we believe the streets and alleys in Eaton could be kept decent. Let's have one.  
The crop of spring chickens will be very short. The severe winter killed all the buds.  
Mr. F. Cotterman has disposed of twenty-four Buggies during this season, up to this time.  
The most industrious and persevering chaps we now notice around us, are the button-holers.  
We counted seventy hand-shakings in Eaton on Saturday last, and then stopped!  
To see the late crusade organs going it red-hot for Cary's temperance record, is amusing.  
The Ginger Soda Water of Michael & Son is good. We know it is, because we sampled it.  
The soda fountain of Brookings & Son "sizzed" all day last Saturday. Go and try it, and you'll be happy.  
Gosh! but don't garden truck just hop out of the ground these fine days and nights. You bet.  
We noticed the other day that the Melon-chief days had arrived in Cincinnati. They were sickly looking vegetables!  
Quill reckons that the chap who proposes to walk round the world in 80 days will have to swim part of the way.  
The inevitable love of the canine race to go mad this kind of weather, demands that the streets should be kept a little clear of them.  
A fellow undertook to jump a picket fence the other day, and was caught on the "ragged edge" of his breeches and hung there for about five minutes.  
There are about twelve cases of typhoid fever in Eaton, the effects of the dirty, filthy and stinking condition of many of our back yards.  
It is said that the city of Cologne has seventy and seven well defined flavors in it. Eaton can go three better in its stinks.  
One of our merchants has taken the motto, "Early to bed and early to rise, never get tight, and advertise." It must win.  
The camp meeting at Urbana will begin on the 23d of next month. The gates will be closed on Sunday. Sensible.  
A cow walked into a millinery shop on Central Avenue in Cincinnati last week, and deliberately cut up a whole stock of spring bonnets! It was a cow-ardly piece of business.  
The Festival given by the Christian Church in the City Hall, on Friday and Saturday evenings last, was well patronized and gave the very best of satisfaction.  
The Catholic Church had a very damp and wet day for their picnic on Saturday last, but notwithstanding there was a good turn out and the enjoyments of the occasion went on.  
The Grist Mill of Barnett & White-side was bid off on Saturday last at Assignee's Sale, by Frank Pierce, for the sum of \$15,533.33. The 71½ acres of ground sold to Peters & Payne at \$1,550.  
The demoralizing influence of the Beecher wickedness is everywhere apparent. More men can be heard saying "damned" this summer than ever before.  
The Germantown Press thinks we shouldn't speak disrespectfully of "dem Limburger case." If he will set a plate of it before us he would soon be convinced of our disrespect for the article. Dot ish so, Hans!  
Aunt Sally Campbell has returned home from her Colorado trip, looking vigorous and hearty enough to boss another crusade campaign. But the boys needn't be "skered," there'll be none opened now until after the election.  
There are temperance men here who oppose Allen, our candidate for Governor, because they say he "drinks," and Cary, our candidate for Lieutenant Governor, because he don't! Hard to please our temperance friends.  
People who drive horses should be very careful of them at this season. They suffer like men and are no more able to stand the extreme heat. There is value in the horse; he may be seriously injured by bad or careless usage.

## Medicinal Waters Near Eaton.

"Cleanliness is next to Godliness," is an old maxim, founded on the fact that, bathing the body in pure water is conducive to health. The use of mineral waters for various diseases is as old as civilization, and progress in the science of medicine as well as the experience of mankind, have only served to more certainly fix the waters prepared by the Springs of the State in their proper place as remedial and curative agents. How do mineral waters act? Doubtless through the salts which they contain, but on this delicate subject there still prevails much uncertainty. The analysis for the chemist a difficult problem to solve; he may find in the water Carbonic, Sulphuric or Siliceous Acid, etc., Chlorine, Iodine, Potassa, Soda or Magnesia, etc., but how are these elements combined and connected with each other? If we knew this we might hope to find that there existed between the water and its constituent elements a relation which might permit us to divide its medicinal properties. Many mineral springs contain iron in very minute proportion, and yet it acts with more efficacy than all medicinal remedies. We see unexpected effects produced by springs, yet the invalid has probably taken only a few glasses of water each day; perhaps he has only taken the hundredth part of a grain of iron. "A Mineral Water," as Dr. Constantine James has observed, is not an ordinary saline solution; it is, on the contrary, a special beverage, which nature has mixed by a kind of occult chemistry, and of which till now preserved the secret among her treasures.  
We hazard nothing in making the statement that no country in the State, perhaps none in the United States is richer in valuable medicinal springs than Preble. The three springs at New Paris, two of which have been subjected to analysis, are valuable, and are attracting the attention of invalids all over the country. North-west, and only two and one-half miles from Eaton, there is a Chalybeate Spring, from which there is none stronger in iron in the United States. Within one quarter of a mile of the corporate limits are six flowing wells, very strong in Iron, Soda, Potassium, etc. None of these springs have as yet been subjected to careful analysis, and we therefore propose to speak particularly of the well in the Court House square. This well is seventy feet in depth, thirty of which is through soils of clay and pure gravel, and forty feet bored through solid rock. A careful analysis of the water of this well has been made by F. M. MICHAEL, a competent Druggist and Chemist of Eaton, which we herewith give:  
16,000 grains of water contains:  
Carbonate of Lime, 3,000  
Bicarbonate Iron, 2,410  
Sulphate of Potassium, 1,000  
Sodium, 1,000  
Sulphur Compound, 1,154  
Proto Sulphate Iron, 1,154  
Bi Carbonate Potassa, 1,154  
Sodium, 1,154  
Chloride Sodium, 0.333  
Chloride Magnesium, 0.333  
Sulphate Hydrogen Gas, Trace  
Free Carbonic Acid Gas, 1,000  
Specific Gravity, 1.007  
Temperature of Water, 55 deg. Fah.  
The above analysis proves this water as very valuable in Liver and Kidney complaints. Its action on the bowels is quite marked, and its effect as a tonic, on weak and debilitated constitutions, is certainly wonderful. This water as yet, has been used only by our own citizens, but those seeking to be benefited can see in our town the living evidences of what this water has already done and is still doing. We write this article solely for the benefit of the sick. There is no speculation or money for us in this matter. The well is the property of Preble county—every citizen is a stockholder, and the water is as free as the air of heaven. Let those afflicted try this, "Nature's Remedy."  
Eaton is the healthiest town of its size in the State. We have about 2,500 inhabitants, wide and beautiful shaded streets, excellent sidewalks, plenty of churches, splendid drives, only two hours from Cincinnati, and with our Mineral Springs should, and doubtless soon will have a large number of visitors from the neighboring cities, who may desire a quiet summer in a healthy town.  
Mr. AMOS MARKEY, a resident of Warrensburg, Mo., writes to his brother CHRISTIAN MARKEY, of this county, that there are many families in his neighborhood that are actually in a destitute condition, and unless some assistance is rendered them, many must die of actual starvation. He appeals for aid from the well-to-do farmers of this county, and his request should not go unheeded. Any kind of assistance, money, clothing or provisions, placed in charge of Christian Markey, will be safely forwarded and honestly distributed among the poor and needy of that sorely afflicted country.  
McCORD was up this week, and after many urgent requests, consented to sell twenty-five tickets to Eatonians who have a desire to accompany the Camden party to Cincinnati, July 4th. A sufficient number of Street Cars will be at the Depot on arrival of the train, and convey all who accompany the excursion to any part of the city for five cents. Chief attractions; Newport Barracks, Spring Grove Cemetery and Lookout House. Call on M. L. HORT, 2d floor, Old Fellows Building, for tickets. Fare, round trip, \$1.25.  
We are requested by postal card to say that the Teachers Institute of Preble county will be held in Eaton this year, commencing August 9, 1875, and continuing five days. ALEX. POMER, Principal of the Cleveland Normal School, has been engaged as Instructor. The Board of Examiners will hold a session on Saturday, Aug. 14, for the examination of teachers applying for certificates.  
Our young friend, J. G. HUFFMAN, Esq., of New Lexington, Perry county, O., got the nomination again for Prosecuting Attorney, of that county. Of course he will be elected.  
It is reported the blackberry crop will be good.

## Celebration of St. John's Day in Eaton.

A short time since, Boliver Lodge, No. 82, F. & A. M., resolved to hold a social picnic at the Fair Grounds, on the 24th inst. The several Committees in charge of the various duties to which they were appointed so well responded to their work, that when the morning of the anniversary came everything was in readiness for a day of enjoyment. The day was auspicious. A special train from Hamilton brought up a large number of the Brethren with their wives and children. Camden Lodge also came up, furnished with an excellent Brass Band, which by its choice music contributed much to the enjoyment of the day. A procession was formed about 10 o'clock, in charge of Grand Marshal of the day, Bro. J. M. Dougherty, assisted by Asst. Marshal, Bro. Geo. Deem, and the Brethren from Hamilton, Camden, Lewisburg, and other places, and the members of Boliver Lodge, of Eaton, made an imposing display.  
The grounds were in excellent condition, and only one break in the proposed order of exercises occurred. It had been confidently expected that Rev. H. M. Herman, of West Alexandria Lodge, would deliver an address in the forenoon, but he was not present. There were some fears before the celebration that there might be a scarcity for want of food. But when the Brethren came to open their well-filled baskets, there was so bountiful a supply that we think every man, woman and child had an abundance; and in the language of Bro. Lawder's excellent little speech, made after dinner, there were many baskets full of fragments left. The picnic was in every sense a success, a success in point of numbers present, a success in the cheerful enjoyment of the whole day. The members of the Order who took part in the exercises of the programme acquitted themselves well. The Eaton Cornet Band discoursed excellent music, and well sustained its enviable reputation; and the singing by the Choir was thoroughly enjoyed by the audience.  
Bro. Z. T. Sullivan delivered the address, which was replete with jewels of thought, flashes of wit, and touches of sentiment.  
The regular toasts with their responses came next, and were as follows:  
"Masoury the Hand-maid of Christianity," which was very fittingly responded to by Bro. Winfield Freeman.  
"Masoury, what it has been it will continue to be," was appropriately responded to by Bro. L. C. Abbott.  
"Truth, the chief Corner Stone of Masoury," was aptly responded to by Bro. M. L. Holt.  
"Brotherly Love, one of the Cardinal Rules of Masoury," May it ever be cultivated," was eloquently responded to by Bro. John V. Campbell.  
"Our Visiting Brethren, may they enjoy many happy Re-unions upon this anniversary," was responded to by Bro. Lawrence of Washington Lodge, at Hamilton, made a most excellent and highly appreciated response. He was surprised into a most eloquent little speech.  
"The Memory of the Deceased Members of Boliver Lodge." Response by Bro. N. Benjamin, a Charter Member of Boliver Lodge. The response to this toast was especially interesting, from the fact that Bro. Benjamin stands now almost alone as a Charter member of this Lodge. Since he signed the petition for its organization the symbolic evergreen has dropped upon the tomb of many of our Brethren. May he yet long continue with us.  
A few very interesting remarks from Bro. Lawder, of Hamilton, on behalf of the Fraternity of Hamilton, eloquently thanked the Brethren of Boliver Lodge for the hearty welcome, the generous provision and courteous attention shown, and expressed the hope that the Masons of this county may in a not distant future join with their Brethren of Butler county in the celebration of this day. This closed the speaking. Until the arrival of the excursion train, at 5 p. m., the Brethren and friends had social converse and enjoyment.  
We are much pleased that everything passed off so creditably and harmoniously. That our visitors from the different Lodges in this county, and from Butler county, were so well pleased with the entertainment, and can only hope that in coming years the Brethren with their families and friends, in the language of one of the toasts, may "enjoy many happy reunions upon this anniversary."  
The Board of Health have gone to work and stirred up some of the owners of the "stink vats" in Eaton. Gentlemen, don't stop until they are all rooted out and the atmosphere of our city completely purified. The lives of our citizens demand it.

## For the Eaton Democrat. IMPROVEMENT.

The bloom is on the loveliest trees, June flowers are softly blowing;  
Down on the meadows, so gay and grand  
Three maidens fair are growing.  
One with a wealth of golden hair,  
And one with untorn tresses;  
One with a forehead marble white—  
The fairest no one guesses.  
Without a thought of trouble near,  
They sport in joyous leisure;  
They tell their stories, sing their songs,  
And play their oars at leisure.  
Aye, 'tis a sight to ponder on,  
Such wondrous works of beauty;  
And but to look on things so fair  
Should be a pleasant duty.  
These gentle maidens so bright and pure,  
Are sailing o'er life's river;  
O may they gain the "golden shore"  
And live in joy forever.

W. H. ORTT, Clerk.  
The Phenological Journal and Life Illustrated for July appears upon our table, laden with mental wealth. We have derived no little pleasure from an inspection of its varied contents. The articles of Prof. Henry, of the Smithsonian Institute, Cardinal McCloskey, Types of Development, Longevity of Brain Workers, Science and Religion, Vaccination, and well written and full of information. The sketches entitled "How I changed my Nose, Give us the Truth, Blind Folks, Unconscious Fascination, Woman's Rights, Morality and Religion, are witty and instructive. And there is entertainment of the right sort in Seven Wonders of the World, Hettie Malvern, Negro Life in Africa. The Editorial Department is unusually good, and the illustrations profuse. It seems to us that such a specimen as this number is, of one of our oldest American monthlies, should draw crowds of subscribers. Get a copy. Price, 30 cents. Now is the time to send in names. A valuable book premium is offered. For a year's subscription, \$5, with 35 cents added for postage on Magazine and Premium. S. R. WELLS & Co., Publishers, 737 Broadway, New York.  
Worth its Weight in Gold!  
Undoubtedly the greatest modern discovery in medicine is Dr. Cass's Kidney and Bladder Remedy. It cures Catarrh of the Bladder, Stomach Disturbance, Biliousness, Loss of Appetite, Distress after eating, and all the ailments caused by indigestion or a deranged liver. Its results are astonishing, and sure relief is guaranteed in every case where it is faithfully used. It cures the stomach, regulates the liver, restores the natural appetite, strengthens the delicate, and expels all morbid humors from the system. It is a powerful purgative, and in almost every case prevents its timely use. A very few doses will relieve, and a little perseverance cures you. Sold by DR. J. H. MARSH & SON, June 10, 1875.
